Course Description:
This course serves as an introduction to the Islamic religious tradition from its formative period in the Arabian Peninsula to the contemporary times as a global religion. Attention will be given to the historical and cultural contexts in which Islam arose, the worldviews and goals it articulates, the development and content of its literature, and to its religious practices. The course will begin with an inquiry into the life and teachings of the Prophet Muhammad and the revelation of the Quran. Detail will be given to the religious, social and political aspects of the life of Prophet Mohammed. After this we will turn to a more theoretical analysis of the Islamic faith and practices: scriptural exegesis/interpretation, Prophetic traditions (*Sunnah*), jurisprudence (*fiqh*), mysticism (*tashawwuf*), art, music, and the sciences. Due attention will also be given to developments in modern Islam, with particular emphasis on Western perceptions of Islam, Islam’s encounter with the modern world, and modern political Islam. As an introductory course, this course will not offer an in-depth analysis and study of the Islamic religious tradition, but it will serve as an important foundation for those wishing to enroll in higher level RELS courses.

N.B. All written assignments will be graded with regard to both form and content.

Adjusted Final Grades:
The instructor will implement a standard measure of adjustment (.5%) for final grades. For example, a final grade of 62.5% (C-) will be rounded up to 63% (C). Please do not send email inquiries asking the instructor to increase or ‘round up’ your final grade.

Exams:
The exams will cover all of the course’s lectures and assigned readings up to and including the class before the day of the exam. Exams are comprised of multiple choice and true or false questions.

Exams are not “open book.” Students are not permitted to consult any course materials while completing any of the assigned exams. The use of course materials during an exam constitutes
academic misconduct. Students must complete online exams individually. Collaboration with other students in taking exams is not permitted and constitutes academic misconduct.

Note: Course content is NOT available on the day of an exam. Students need to ensure that they have accessed the content before the day of the exam.

**Extra Assignments:**
There are no extra assignments for this course. Students will not be given an opportunity to submit extra work or retake exams to increase their grade.

**Weighting of Exams:**
The weighting for exams identified above will not be changed to accommodate student requests. In accordance with the U of C Academic Regulations E.1 (e) Course Outlines, “Weighting may not be changed during the term or at the time of grade reporting.”

**Reviewing Exams:**
The online exams for this course display the student’s final score. Individual exam answers are not displayed. For students interested in seeing individual exam answers, please make an appointment with the instructor at the end of the term after all exams are completed. At that time, you can review all your exam answers.

**Policy with Regards to Missed Exams or Assignments/Assessments:**
As this is an online class, weekly lectures will be posted Sunday nights for the following week. I will not post all of the materials at once, so you will need to follow the course on a weekly basis. Friday online exams/assessments will be posted for a period of 24 hours each Friday between 9am to 9am as per the schedule above. Please ensure that you are able to complete the assessment during this period.

If a student misses an exam deadline due to illness or an emergency, the student must contact the instructor within 48 hours of the absence. If the student does not contact the instructor within 48 hours before the exam deadline, the student will not be provided an opportunity to make up the exam and will receive a numerical mark of zero. **Without an acceptable reason missed assessments will be awarded an ‘F’**.

**There will be a compulsory, cumulative final exam for this course.** Please ensure you are able to attend the date and times for this online exam. Please consult the registrar for exact time and date of the exam.

**Expectations for Student Conduct in this Course:**
This is a student-driven, online course. You should be prepared to read the materials and follow the online lectures for the course. If you do not understand the material, it is up to you to find and read supplementary material in order for you to understand it. The instructor will not respond to emails which, in his view, ask questions which, with a little effort or re-reading, can be answered for yourself. (Such discussion and input are, of course, aspects of in-person courses, and I will not attempt to re-create such an experience through online communication). If you have a genuinely philosophical or critical question, at my discretion I will either respond to your email
or defer response to the online office hour (Tuesdays 10:00-11:00) where I will respond to questions or issues which may be helpful for the whole class. The aim for this course is for you to be able to read/listen to the material in your own time, as well as clarify for yourself any issues or questions you may have. Email must be sent to the instructor from a University of Calgary email account. Please do NOT send from other accounts, such as Gmail or Hotmail. Please include the subject of your email and clearly identify yourself by name and the course number you are registered in. Inquiries related to exams must be sent no less than 48 hours before a deadline. Do not send me emails concerning an online exam/assessment on the day of the assessment. In most cases these will not be answered. The instructor will reply to emails only on business days, and only between 9:00-17:00.

**Electronic Device Policy:**
As an online class, students are entirely responsible for their own methods of getting online. I will not accept “bad internet connections”, “computer problems” or any other technical issues as excuses for failing to complete assignments or exams. Timed, online exams/assessments will be available for a strictly set period of time and will not be available at other periods. Once you begin the online exams/assessments, you must finish them. You cannot re-take these exams/assessments, and failure to complete the exams/assessments will result in a zero awarded for that exam/assessment. Students are urged to make sure that their connection the internet and to the D2L site is robust and stable during the online assessments. I will not accept any excuses along the lines of: “my internet went down during the exam”, or “my computer crashed during the exam” for failure to complete the assessments. Computing facilities on campus are available for student use if you feel you need reliable access. Do not rely on your computer battery as your only power source when taking the exam. Plug in your computer power cord. “My battery died” will not be considered an acceptable reason for failing to complete the assignments. This policy is meant to maintain equity for all students as it is virtually impossible for me to validate technical issues you may face.

**Syllabus:**
A complete syllabus will be made available the first week of class.

**Course Schedule:**
The course schedule is provided on D2L. Availability of material and exam dates will not be changed to accommodate personal scheduling preferences of students, including work schedules, vacations, camping trips, and the repair of personal computers.

**Academic Honesty:**
Plagiarism is not tolerated at the University of Calgary and has serious consequences. Your essays/presentations must be your own work and inadequate referencing may be seen as plagiarism.
