Office Hours: 17:30 to 18:00

Course Description

This course is an introduction to professional and technical communication. Students will learn the rhetorical dimensions of the workplace settings as well as the process of planning, researching, composing, and delivering professional and technical communication for various audiences.

Additional Information

The major project in this course will be a usability study of a website. All of the classes will be held in a computer lab and most classes will include a lab component, including time for in-class work and research.

Objectives of the Course

The course will help you develop

- a rhetorical approach to crafting documents--one in which you critically consider your purpose, the needs of your audience(s), and relevant features of the context;
- a familiarity with the conventions and composing strategies for a range of written genres, including memos, technical descriptions or fact sheets, proposals and reports;
- document design strategies to ensure that your documents and websites look professional, promote easy retrieval of information, and use visuals to communicate information effectively;

- writing strategies to keep your writing focused, coherent, and readable;
- skill in editing to eliminate common errors in sentence structure, grammar, word use, spelling, and punctuation;
- familiarity with tools for online research and competence in the use of a standard style of documentation (e.g., APA, MLA);
- competence in developing and delivering presentations.

Textbooks and Readings

Graves, H., & Graves. R. (2012). *A Strategic Guide to Technical Communication, 2ND ed.* Peterborough ON: Broadview Press.

Additional readings and resources will be available online or on D2L

See the detailed schedule of readings provided at the end of this course outline.

Internet and electronic communication device information

Students are requested to use electronic devices in class (laptops, Ipads, cell phones) only for course-related communications.

Registrar-scheduled Final Examination: No

All assignments and exams must be completed or a course grade of F may be assigned at the discretion of the instructor.

Submission of Assignments: Please hand in your essays directly to your tutor or instructor if possible. If it is not possible to do so, a daytime drop box is available in SS320; a date stamp is provided for your use. A night drop box is also available for after-hours submission. Assignments will be removed the following morning, stamped with the previous day's date, and placed in the instructor's mailbox.

Please include your name and ID number on all assignments, and be prepared to provide picture ID to pick up assignments or look at final exams in SS 320 after classes have ended. Personal information is collected in accordance with the *Freedom of Information and Protection of Privacy (FOIP) Act*. For more information, see <http://www.ucalgary.ca/secretariat/privacy>

Note: It is the student's responsibility to keep a copy of each submitted assignment. For courses in which assignments are submitted electronically, it is the student's responsibility to ensure that the correct copy of the assignment is submitted. (Including the version date or version number in your file name may help you avoid submitting the wrong version of your written assignments.)

Policy for Late Assignments

Assignments submitted after the deadline may be penalized with the loss of a grade (e.g.: A- to B+) for each day late

Students with Disabilities

If you are a student with a disability who may require academic accommodation, it is your responsibility to register with the Student Accessibility Services (220-8237, <http://www.ucalgary.ca/access/>) and discuss your needs with your instructor no later than 14 days after the start of the course.

Writing Skills Statement

Department policy directs that all written assignments (including, to a lesser extent, written exam responses) will be assessed at least partly on writing skills. For details see <http://comcul.ucalgary.ca/needtoknow>. Writing skills include not only surface correctness (grammar, punctuation, sentence structure, etc) but also general clarity and organization. Sources used in research papers must be properly documented. If you need help with your writing, you may use the Writing Centre. Visit the website for more details: <http://www.ucalgary.ca/ssc/writing-support>

Grading System & Department of Communication, Media and Film

Grade Scale Work in this course will be graded using letter grades. The following grade scale percentage equivalents are used in the Department of Communication, Media and Film:

Grade Point Value	Description	Grade	Department grade scale equivalents	Letter grade % equivalent for calculations
4.00	Outstanding	A+	96 - 100%	98.0%
4.00	Excellent—superior performance, showing comprehensive understanding of subject matter.	A	90 - 95.99%	93.0%
3.70		A -	85 - 89.99%	87.5%
3.30		B+	80 - 84.99%	82.5%
3.00	Good—clearly above average performance with knowledge of subject matter generally complete.	B	75 - 79.99%	77.5%
2.70		B-	70 - 74.99%	72.5%
2.30		C+	65 - 69.99%	67.5%
2.00	Satisfactory—basic understanding of the subject matter.	C	60 - 64.99%	62.5%
1.70		C-	55 - 59.99%	57.5%
1.30	Minimal pass—marginal performance; generally insufficient preparation for subsequent courses in the same subject	D+	53 - 54.99%	54.0%
1.00		D	50 - 52.99%	51.5%
0.00	Fail – unsatisfactory performance or failure to meet course requirements.	F	00 - 49.99%	0%

Plagiarism

Using any source whatsoever without clearly documenting it is a serious academic offense. Consequences include failure on the assignment, failure in the course and possibly suspension or expulsion from the university.

You must document not only direct quotations but also paraphrases and ideas where they appear in your text. A reference list at the end is insufficient by itself. In-text citations must be provided, and readers must be able to tell exactly where your words and ideas end and other people's words and ideas begin. Wording taken directly from a source must be enclosed within quotation marks (or, for long quotations, presented in the format prescribed by the documentation style you are using). Paraphrased information must not follow the original wording and sentence structure with only slight word substitutions here and there. These requirements apply to all assignments and sources, including those in non-traditional formats such as Web pages or visual media.

For information on citation and documentation styles (including APA, Chicago, IEEE, MLA, and others), visit the links provided at <https://ucalgary.ca/ssc/resources/writing-support/436>. If you have questions about how to document sources, please consult your instructor or the Writing Centre (3rd Floor TFDL, <http://www.ucalgary.ca/ssc/writing-support>).

Academic Misconduct

For information on academic misconduct and its consequences, please see the University of Calgary Calendar at <http://www.ucalgary.ca/pubs/calendar/current/k.html>

Research Ethics

Whenever you perform research with human participants (i.e. surveys, interviews, observation) as part of your university studies, you are responsible for following university research ethics guidelines. Your instructor must review and approve of your research plans and supervise your research. For more information about your research ethics responsibilities, see <http://arts.ucalgary.ca/research/resources/ethics>

If this course requires (or allows) students to conduct (or act as participants in) primary research involving surveys, interviews, or observations, state that here, describe the nature of students' participation, and indicate whether you have received course-based ethics approval from the Faculty Research Ethics Committee or if you expect students to apply for ethics approval themselves. **NOTE: If you have not received course-based ethics approval and do not expect your students to apply on their own for research ethics clearance, then your course outline should not include any assignments requiring surveys, interviews, or other research with people.** (One approved exception is for usability studies in COMS 363 in which students may conduct anonymous online usability surveys to get their classmates' opinions on the usability of a website.
